

Damiens Query-Fruit with high vitamin C

I made a new query for fruit with high vitamin C content.

These are fruits with high vitamin c content.

Damiens Report Fruit with high vitamin

The screenshot shows a Microsoft Access report window titled "Microsoft Access - [Damien report]". The report content is as follows:

03 July 2007 Page 1 of 1

The screenshot also shows the Microsoft Access interface with a menu bar (File, Edit, View, Tools, Window, Help), a toolbar, and a taskbar at the bottom with several open applications including "Fruit Facts Database", "Fruit Facts2000 : Dat...", "Damien high vitamin C...", "Document1 - Microsof...", and "Damien report".

This is a report for Damien. It shows the fruit with high vitamin C content. I have included a fruit picture, changed the font and added colour to make it more attractive to Damien.
