

Improved Data Entry Form

Fruity Facts

	<u>Fruit</u>	<input type="text" value="Apple (Green)"/>	<u>Sugar (g)</u>	<input type="text" value="10"/>
	<u>Vit C</u>	<input type="text" value="MED"/>	<u>Colour Group</u>	<input type="text" value="G"/>
	<u>Calories</u>	<input type="text" value="49"/>		

I improved my data entry form by adding buttons to help people use my database.
