

Test buddies playlist.

I took my test buddies results from my dance o'clock quiz and used them in a query to make a second playlist.

Music choice: RP rock and pop
Effort rating: Medium

I made a query for my testbuddies results. I added the genre of music and the effort rating. I also added a time limit because of the amount of songs which came up in the result.

Play time: 10.2

I made a report for my testbuddies results. I added the total play time with the same formula I used before.

Testbuddys report

<i>Title</i>	<i>Artist</i>	<i>Genre</i>	<i>h (secs)</i>	<i>Effort rating</i>
Don't Panic	Coldplay	RP	67	M
Enter The Circus	Christina Aguilera	RP	102	M
Something Kinda Good	Girls Aloud	RP	198	M
Jump In My Car	David Hasselhoff	RP	175	M
<i>Play time</i>			10.2	

I edited my report to make it look more attractive.

I have page number down the bottom and all the relevent information which is needed.
