

My Evaluation of My Report

Strengths	Areas for development
I have used a good variety of colours which are appealing.	I could make some of the information more clear.
I have used house fonts and logo.	I could use some more bold colours for the fonts.
My report is aesthetically pleasing to the eye.	I could make some of the font underlined.
I have chosen good special effects and fill effects.	I could include more pictures.
I have included the name of each dancer and their selected charity.	

This is my test buddy's evaluation for his report but as the report layouts are the same, it doesn't matter.

Strengths	Areas for Development
There's a wide range of colours to make it look good	Some of the more important words could be underlined/bold
Good use of fill effects	There could have been more different colours for the word font
Only used relevant information on the work	
The information is clear and precise
