

Sponsor Form Evaluation

Below is my test buddy's evaluation of his sponsor form that I created.

Strengths	Areas for Development
Good range of colours	Could have a total to work out how much given
Has included logo and house font	Could make some of the titles different colours For example , Name of dancer, address, phone number
Included only relevent information	Doesn't tell what the event is or how it would help the charity
Made the boxes the right size for the information	Pictures too dark
Aimed at target user	Writing on the bottom is over the logo
	Four boxes on the right should be centred

And this is my own evaluation of the sponsor form.

Srengths	Areas for Development
it is colourful	could have a total
included my logo	I could make the picture a lot lighter.
included my house font	I could improve the attractiveness by centring the text boxes.
included a picture	
included relevant and hepful information	
box sizes are large enough for required information	
I have included information about my target user
