

My Sponsor Form Annotation

My sponsor form is attractive and appealing so that dancers receive more sponsors.

I have included my house logo so the dancers instantly know what it's about.

My table is quite large so that the sponsors have enough room to enter information.

I have included relevant information about my dancer so that they feel more inclined to raise money

I have included a greyed out example so that they know how to fill it out but at the same time they can still use that column.

My picture is greyed out so that it is both aesthetically pleasing, but you can still write above it.

I have included a total for the staff that count the money so that they know how much should be there.

I have included a helpful reminder for the dancers so that they know the details of the event

I have included information to help the dancers if they need more sponsors, or who to hand them in to.

I have included information about how their money will help.

Dance O' Clock Sponsor Form

Name of Dancer: Derek Otterburn
